

South Humber Bank Energy Centre Project

The Planning Act 2008 – Section 42

NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR THE SOUTH HUMBER BANK ENERGY CENTRE PROJECT

1. Notice is hereby given that EP Waste Management Ltd ('EPWM'), a subsidiary of EP UK Investments Limited, whose registered office is Part Ground Floor, Paradigm Building 3175 Century Way, Thorpe Park, Leeds LS15 8ZB, intends to submit an application ('the Proposed Application') to the Secretary of State for Business, Energy and Industrial Strategy for a Development Consent Order ('DCO') under Section 37 of the Planning Act 2008 (the 'PA 2008') to authorise the construction, operation and maintenance of a new energy from waste power station with a capacity of up to 95 megawatts gross electrical output and associated development (the 'Project').

The Project

2. The site for the Project (the 'Site') would be located primarily on land within boundary of the South Humber Bank Power Station Site, South Marsh Road, near Stallingborough, DN41 8BZ, at grid reference TA 523000 413309. The Site extends to approximately 25 hectares and is shown edged in red on the attached plan.
3. The proposed DCO would, amongst other matters, authorise the construction, operation and maintenance of:
 - 3.1 an EfW power station, comprising fuel reception and storage facilities, consisting of vehicle ramps, a tipping hall, shredder, fuel storage bunker and crane; a combustion system housed within a boiler hall, consisting of two combustion lines and associated boilers; a steam turbine and generator housed within a turbine hall; a bottom ash handling system, including ash storage; a flue gas treatment system, including residue and reagent silos; emissions stacks and associated emissions monitoring systems; a cooling system comprising fin fan coolers; an air-cooled condenser; a compressed air system; an ammonia tank; a process effluent storage tank; a demineralised water treatment plant and demineralised water storage tanks; an electrical switchyard, including transformers; auxiliary diesel generators and diesel storage tanks; pipe racks, pipe runs and cabling; administration block, including control room, workshop and stores; fire water pump house and fire water tank; vehicle access road from South Marsh Road; internal vehicle access roads, crossings and pedestrian and cycle facilities and routes; security gatehouse, barriers and enclosures; weighbridges; car parking; heavy goods vehicle holding area and driver welfare block; and a surface water attenuation pond;
 - 3.2 a connection to the electricity grid network;
 - 3.3 a connection to the gas grid network; and
 - 3.4 other associated development, including external lighting; fencing and boundary treatment; security measures; surface and foul water drainage systems; water, electricity, gas and other utilities connections; hard and soft landscaping; biodiversity mitigation and enhancement measures; temporary contractor facilities and construction laydown areas; vehicle access roads, crossings, parking and pedestrian and cycle facilities and routes.

Environmental Impact Assessment

4. The Applicant has notified the Secretary of State in writing under Regulation 8(1)(b) of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (as amended) (the 'EIA Regulations') that it intends to provide an Environmental Statement ('ES') in respect of the Proposed Development. The Project is therefore 'EIA development' for the purposes of the EIA Regulations and an ES will form part of the Proposed Application.
5. Information so far compiled about the Project's environmental impacts is contained in a Preliminary Environmental Information Report ('PEIR') and summarised in a Non-technical Summary. The PEIR and other documents relating to the Project, including plans and maps showing the nature and location of the
